Two-Tone Plaque Indicating Snap -n- Go™ Swabs

## Seeing is Believing

Oral care evaluation products are great tools to improve oral hygiene routines, increase motivation, and promote awareness. Showing patients where they have plaque build-up by neatly disclosing residual plaque with HurriView® Plaque Indicating Snap -n- Go™ Swabs will help motivate them to improve their oral hygiene routine. Better plaque control will provide a healthier oral environment and will reduce the potential for tooth decay and periodontal disease.

- Individually wrapped
- Pre-filled with disclosing solution
- Highlights areas where improved oral hygiene is needed
- For in-office evaluation or dispense for home use
- Great low price!

## Identify Old and New Plaque

Oral care evaluation products are great tools to improve oral hygiene routines, increase motivation, and promote awareness. Better plaque control provides a healthier oral environment and reduces potential for tooth decay and periodontal disease.

HurriView II® Two-Tone Plaque Indicating Snap -n- Go™ Swabs highlight old plaque blue and new plaque reddish-pink, so patients can clearly understand how their brushing and flossing habits can be improved.
